

Letter from Paul Spencer Schofield to The Daily Telegraph

How to spot a bad PM

HOW TO SPOT A BAD
PRIME MINISTER

MEMOIR – I have just realized the solution to our economic and political problems: we must never again allow anyone with a five-letter surname to become prime minister. The first most recent examples surely prove my point.

MEMOIR – Tony Blair's recent comment, 'I have learned an immense amount in the past few years' appears to contain one 'I' too many.

David Lee
Widnes

MEMOIR – It is an interesting anomaly that however wealthy the Blair family becomes, the only word which always describes them most appropriately is 'cheap'.
